Skills Summary

- Result-driven and passionate web and Android application developer who is skilled with multiple programming languages such as Python, Java, Kotlin, SQL, JavaScript, HTML, and CSS.
- Recently graduated with a Bachelor of Technology degree with a specialization in Computer Science and Engineering from India.
- Currently pursuing my Master of Science degree in Data Science from the University of Europe in Potsdam, Germany.

Professional Experience (Persönliche Erfahrung)

Junior Software Developer

Periwinkle Technologies Pvt. Ltd. / 10.03.2023 – 30.06.2023

Under a Senior Software Developer's supervision, I worked on multiple topics such as:
- communicating with Native Android Libraries
- use of a machine learning image processing library
- JSON parsing
- fetching data from an API
- Android Architectural Components
- Bluetooth technology on Android.

Writer and Editor

FSNews.eu, operated by ENDAXI CZ s.r.o. / 16.02.2023 – Present

- Joined as a reporter in February 2023, demonstrating exceptional dedication, level of English language, knowledge of the industry and ability of critical thinking.
- After only two months, I used my knowledge and abilities to produce a news story that ended up being the most-read piece of the month.
- After passing the examination to become an editor on my first try, I now offer advice to both new and seasoned reporters on how to improve their writing and delivery of their work, demonstrating my commitment to the team, teamwork abilities, English writing skills and sincere desire to aid others.

Cyber Security Intern

Verzeo / 01.07.2021 – 31.08.2021

- Learned various methods and skills pertaining to identifying security flaws, network attacks, and mitigation of network threats, threats that come with information posted online, and identity spoofing.
- Recommended improvements in security systems and procedures.
- Conducted security audits to identify vulnerabilities.
- Reviewed violations of computer security procedures and developed mitigation plans.

Education (Schul-und Berufsbildung)

Master of Science – Data Science

University of Europe for Applied Sciences / 01.03.2024 – 31.03.206 (ongoing)

- Currently enrolled into the University of Europe, in their Potsdam (Innovation Hub) campus.
- I am pursuing my degree in Master of Science in Data Science and my studies have yet to start.

Bachelor of Technology – Computer Science and Engineering

Shri G.S. Institute of Technology and Science / 10.08.2019 – 15.05.2023

Graduated with a 6.5 CGPA

- Received my degree in Bachelor of Technology specializing in Computer Science and Engineering from a very reputed institution in Indore, India.
- The core skills that made me an exceptional application developer were learned during my studies here.
- Curriculum taught include Data Structures, algorithms, operating systems, UI/UX design, Data Mining, machine learning, artificial intelligence, and Database Management Systems.
